

New North West Office for Cool Energy

We are pleased to announce that due to the continued growth experienced with our rental business in the north west of England, we have now opened a seventh location in the UK to provide an enhanced local business.

New Cool Energy Depot

New ICS Cool Energy Office

The new depot, which is located in **Blackpool**, will store a wide range of rental cooling and heat pump equipment and help provide a 24/7 service to customers.

Russell Wilson (pictured), who manages Cool Energy's UK business, commented. "We now have 2 strategic locations in the north, here and one in Bradford, to help provide an improved local service to our customers in these important regions."

We also have one operating further north in Glasgow and south of here in Birmingham, as our sales network needs to provide a fast response to customer breakdowns, process bottlenecks and HVAC temperature control."

Contact Us

Cool Energy's North-West customers can now contact the new office at the following location:

ICS Cool Energy
3 Trident Business Park
Amy Johnson Way
Blackpool
Lancashire
FY4 2RP

Tel: 08452-417617
Fax: 01253-685101

Cool Energy also operate in the UK from London, Bristol and Southampton, have depots in Ireland and throughout Europe.

We specialise in the rental of air and water-cooled chillers, air blast coolers, air handling units, fan coils and air conditioners for long or short periods.

Flexible water hoses, pipework connections, heat exchangers, power cable and generators can also be provided as part of the package supplied, together with inclusive 24/7 maintenance where required.

Cool Energy can be contacted free of charge on **0800 840 4210** or via email on info@coolenergy.co.uk
