

Cool Energy proves popular at the TCS&D/F&CF show

Cool Energy recently exhibited at the Frozen & Chilled Foods Show (F&CF Show 2011), a two day exhibition for the frozen & chilled foods industry held at the Peterborough Exec.

The F&CF show was co-located with the Temperature Controlled Storage & Distribution Show (TCS&D Show 2011) attracting a good level of visitor numbers, all looking for the latest temperature and logistic solutions.

Cool Energy Success

The Cool Energy stand was met with much enthusiasm by visitors from all over the UK to see the company's latest products and services and with good quality visitors and a wide selection of companies from within the industry the show made a welcome return following a 15 year break.

The show saw Cool Energy's cold storage division exhibiting for the first time with a 2.10m x 1.80m working modular cold store, giving visitors the chance to step into a cool 3°C store and escape the heat. Also on the stand were fan coils, chillers and portable air conditioners from Cool Energy's rental fleet.

Wide Coverage and Product Range

Cool Energy who operates throughout the UK, Ireland and Europe offer a wide range of cooling and heating rental plant including:

- Water Chillers to -40°C
- Fan Coils to -25°C
- Modular Cold Stores from -30°C to +30°C
- Chilled Ambient Temporary Buildings
- Climastores

They also supply installations alongside the supply of flexible water hoses, pipework connections, heat exchangers and power generators.

All of this is supplied with 24/7 maintenance throughout the rental period. There is also an option to purchase the equipment when the rental project has been completed.
