

# Did you know...

## You can now rent your Temperature Controllers from Cool Energy

**Need a Mould Temperature Controller for your injection moulding machine but don't have the capital?**

**No problem.** Cool Energy can now provide a low-cost solution to help you during a breakdown or if you don't have the capital, budget or cashflow to buy your new unit, from as little as £15 per week.

**Need a unit fast?** We can deliver to you on the same or next day anywhere in the UK. Our equipment is British-made and available ex-stock.

**Experience.** Need a local engineer to visit to help discuss your future project or to clarify a technical matter. **No problem.**

Call us if you need further information free on **0800 840 4210** or email us at **info@icstemp.com**. Thank you.

Water Heaters up to 160°C • Oil Heaters up to 350°C • Thermoregulators up to 95°C • Bespoke Units

# Temperature Controllers and Heaters ...Experience Counts

Rent from as little as £15 per week

## When you may need to rent from Cool Energy

If you have a mould temperature controller or use steam there are times when you have breakdowns or need to plan essential maintenance or have an outage.

Cool Energy can keep you on-line and your production operating by providing a temporary unit during these works.

We also rent temperature controllers and heaters in the following instances and applications:

### Plastic and Rubber Processing

- Injection Moulding
- Extrusion
- Blow Moulding
- Thermo Forming
- Cable Manufacture
- Calendar rolls (rubber)

### Food Production

- Chocolate Enrobing
- Steam Supplementation
- Dairy - UHT Production
- Cereals
- Soft Drinks
- Breweries

### Metal Works and Engineering

- Hydraulic Presses
- Die Casting
- Platens
- Test Rigs

### Chemical and Pharmaceutical

- Jacketed Vessels
- Reactor Vessels
